

Harvard PGP COVID-19 Health Assessment [Ongoing]

Dear PGP Participants,

Below is a health status survey for you to fill out designed to help gain more information about our participants in relation to COVID-19. This is an ongoing survey which you can fill out as frequently as you wish. We suggest you fill it out at a minimum once a week and whenever you have a health status change.

NOTE: As with all PGP phenotype (trait) and medical history surveys, your answers to these questions should be considered public and will be connected to your public PGP profile. Link to the current PGP consent: https://my.pgp-hms.org/static/PGP_Consent_2017-04-21_online.pdf

Thank you,
Harvard PGP Staff

Please do not change. This field is auto-populated by the PGP and identifies which participant you are.

Your answer

Are you currently ill with a cold or flu-like illness?

- ☐ Yes
- ☐ No
- ☐ Unknown
- ☐ Prefer not to answer
