

# PGP Participant Survey

We would like to know more about our PGP participants -- in particular: your age, sex/gender, and ancestry. All questions are optional.

Be aware that your answers to these questions will be public and connected to your public PGP profile.

## 1. Do not touch!

This field is pre-populated by the PGP and identifies which participant you are. If you change it, we will not be able to link your answers to your PGP account.

15. **Do you have a severe genetic disease or rare genetic trait? If so, you can add a description for your public profile.**

Our trait and disease surveys are the best way to tell us about this type of information. This field is an opportunity to add things we might not have asked about. Data reported here is less useful for researchers, but it can alert us to unusual/unexpected aspects of our participants.
